

## **Protect Vehicle Tires With NO MORE FLATS - Designed by InventHelp Client (NPL-124)**

*Based in Pittsburgh, Pa., InventHelp is submitting the NO MORE FLATS to applicable companies for their possible feedback.*

PITTSBURGH, PA ([PRWEB](#)) July 24, 2017 -- An inventor from Fort Myers, Fla., works at a tire and lube shop, and most of our customers are people whose vehicles have flat tires. "The frequency of this problem inspired me to design a flat tire-prevention system," he said.

NO MORE FLATS provides effective protection against flat tires caused by nails, screws, tacks and other road debris. It avoids the hassle and strain of changing tires. It also prevents ruined travel plans. Overall, it saves time, effort and money.

Ergonomic, easy to use and producible in different sizes, colors and designs, NO MORE FLATS promotes safety and peace of mind for all vehicle owners.

The original design was submitted to the Naples office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 16-NPL-124, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
