*Complete Auto Loans is happy to announce 100% approvals for consumers needing auto loans for the month of January.*

Seattle, WA ([PRWEB](#)) January 16, 2013 -- Vehicles are an integral part of life. We all know someone who has one or have one ourselves. They help people take care of responsibilities, have fun, participate in recreation, drive the family around and more. That's why Complete Auto Loans is happy to announce 100% approvals this month for consumers needing [auto loans](#) for their next vehicle - and it doesn't matter the credit score. CAL's is providing 100% for any auto loan - even [bad credit auto loans](#).

Things in life can change from day to day. CAL's is making it possible for consumers to take care of their daily needs and keep a safe vehicle on the road, but it isn't only daily needs that are helped. Because consumers are able to get 100% approval, they are able to pick up a vehicle that may suit their needs better than the one they currently have.

Unfortunately, a car or truck doesn't last forever. Vehicles have a limited amount of life before they need to be refreshed or replaced. Often it can be more cost effective to replace and vehicle by upgrading rather than replacing parts, and 100% [auto financing](#) approvals are making it possible for drivers to find transportation that is reliable.

Everybody has a unique need for the vehicle that works best. If college is the goal, then students need a car or truck that possibly gets better gas mileage - and [student auto loans](#) works better for them.
