PAOLI, Pa. (April 17, 2019) – In this “Best of” video, AmericanMuscle’s (AM) Justin Dugan provides an in-depth look at [brake pad and rotor kits](#) for 2010-2014 (S197) Mustang GT’s. Using his knowledge of the aftermarket as well as consumer data, Justin selects three options to improve stopping power on your S197 without breaking the bank. Focusing on front brake setups, Justin’s picks are aimed at customers who want to increase their stopping power without having to do a [big brake kit upgrade](#).

Products featured in this video include: [Power Stop OE Replacement Brake Rotor & Pad Kit](#), [Xtreme Stop Precision Cross Drilled & Slotted Rotor w/ Ceramic Brake Pad Kit](#), and [Hawk Performance Sector 27 Rotors and HPS 5.0 Brake Pad Kit](#).

Watch it here: <https://www.americanmuscle.com/2010-mustang-brakes.html>

Additionally, this video has been added as a resource to AM’s Brake System Tech Guide.

View it here: <https://www.americanmuscle.com/brake-system-tech-guide.html>

“Achieving a noticeable braking improvement doesn’t have to be expensive! Any one of the kits we featured in our recent best of paired with some good brake fluid and a sticky tire will easily have your car stopping faster and more consistently but at fraction of the cost of a big brake kit.” –Justin Dugan

About AmericanMuscle

Starting out in 2003, AmericanMuscle quickly rose to be one of the leading [aftermarket Mustang accessories](#) providers in the business. With the addition of Challenger in 2018, AmericanMuscle provides the most sought-after parts, [technical guides](#), and fast shipping.
