

Zonar and NAPT Announce 2017 Don Carnahan Memorial Grants to Promote Bus Transportation Safety

Grants Offers Smart Fleet Technology to School Districts to Promote Safety and Efficiency for School Bus Transportation

Seattle Wash. ([PRWEB](#)) June 26, 2017 -- [Zonar](#), the leader in smart fleet management technology, and the National Association for Pupil Transportation (NAPT) today announced the joint sponsorship of the Don Carnahan Memorial Grant program for 2017. Grant winners will receive the latest bus safety, security and efficiency technology hardware valued at up to \$50,000.

The joint sponsors are giving school districts in the U.S. and Canada access to Zonar's industry-leading fleet management technology, which is designed to support and promote the improved safety and efficiency of pupil transportation programs. The grant sponsors recognize the changing needs of the industry and are providing school districts with access to leading edge smart bus fleet technology.

"We created the grant to provide school districts and communities with the safest school transportation technology available," said H. Kevin Mest, senior vice president and general manager of passenger services, Zonar. "You can't put a price on peace of mind, which is why we want to make technology affordable for school officials to look out for the students under their care and not worry about the price tag."

"School districts are constantly facing decreased budgets, forcing them to do more with less. We're partnering with Zonar to help districts keep students safe on their way to and from school and alleviate some of that financial burden," said Mike Martin, executive director at NAPT. "With smart fleet management tools quickly becoming a necessary aspect of ensuring students' safety, our members have the opportunity to get a comprehensive solution for their district."

With the help of NAPT, Zonar has awarded dozens of technology grants over the past seven years. After reviewing the 2017 application group, Zonar will award this year's grant winners on a rolling bases until September 30th and make a formal announcement of the winners at the 43rd Annual NAPT Conference and Trade Show, November 4-7, 2017 in Columbus, OH.
