

Virginia Freedom Riders -- The RACE for Freedom

Virginia Freedom Riders (VFR) is a non-profit State Motorcyclists' Rights Organization (SMRO). Our membership is comprised of politically active individuals dedicated to protecting and restoring motorcyclists' personal freedoms, liberties and individual rights. VFR actively lobbies against legislation our membership feels denies, or further restricts, motorcyclists' rights, and to restore those personal freedoms that have been denied us by law.

([PRWEB](#)) July 2, 2004 -- The goals of the Virginia Freedom Riders are simple: to protect the personal rights and civil liberties of motorcyclists throughout the state. We work closely with state legislators and other SMROs to make this happen. Virginia Freedom Riders does not discriminate against any Motorcyclists' Rights Organization (MRO), club, organization, or group. Members are encouraged to participate in any and all activities that promote motorcyclists' rights, personal freedoms, and civil liberties. VFR works with MROs, clubs, groups and organizations to help promote the protection of the rights of motorcyclists.

Next year's Virginia legislative session is right around the corner and the time to prepare for it is now. Stay informed, participate, and make your voice heard. Visit the Virginia Freedom Riders web site at www.vfr-race.com to find useful information and resources that will teach you how to lobby to protect your rights. In addition, you can communicate with other motorcyclists in the Freedom Forums.

VFR membership is open to all and costs just \$15 a year. All VFR members receive a VFR patch, membership card and printed newsletter. Join VFR and become a member of an active organization that is dedicated to protecting your rights to ride as a free citizen of the great Commonwealth of Virginia.

We are Riders Against Constitutional Erosion (R.A.C.E.). Join the R.A.C.E. for freedom, and together we can stop the persecution of motorcyclists, regain our lost rights, protect our current rights, and enjoy our lifestyle as other Americans enjoy theirs.

Ride FREE.
