

NDRA Pro Sport Compact Drag Race drivers to visit St. Louis Shriners Hospital for Children.

Joe Demaree a Pro 4 Cylinder drag race car driver is also a Shriner and has gathered a group of professional drivers together to visit the St. Louis Shriners Hospital.

([PRWEB](#)) July 18, 2004 -- Joe Demaree, Brent Rau, Lisa Feeheely, and more will be visiting the St. Louis Shriners Hospital. Joe is a member of the Zorah Temple in Terre Haute, IN and has assembled a group of drivers and goodies to take to the children. St. Louis Shriners Hospital is an 80 bed pediatric orthopedic hospital and is one of twenty-two Shriners Hospitals in the U.S. The NDRA (Nopi Drag Racing Association) will be racing in St. Louis that weekend and with this rapidly growing market is a new breed of drivers. The drivers will be taking the newly released trading cards to the children along with "Fast and Furious" XBOX posters. Joe decided to put this together in memory of his father, Jerry Demaree, who was a past Shriner of the Year and a transport driver taking children and their families back and forth to the hospital from the Terre Haute, Indiana area. Team SSC Racing based out of the Indianapolis, IN area is proud to be able to give back to the midwest community.
