

## **New Website Lets Consumers Settle their own Car Accident Claim and Save Money**

*Learn the secrets today of what you need to know if you or someone in your family is involved in a car accident. Learn from the pros on what to look for when having your car repaired, what you are entitled to and how to handle a personal injury accident claim. Learn what the insurance companies don't want you to know.*

ROCKVILLE, MD ([PRWEB](http://PRWEB)) August 2, 2004 -- A new site for settling car accident claims on your own has opened. Just go to [www.caraccidentsecrets.com](http://www.caraccidentsecrets.com), take the auto quiz, view a sample of the book, check out our frequently asked questions section and order the secrets book.

CARACCIDENTSECRETS.COM will help you with settling your own claims resulting from a car accident. Injured parties know their case better than anyone, so why should you have to explain your case to another party (the lawyer) just so that they can just repeat it to a claim adjuster at the insurance company ? You can talk to the adjuster directly and settle your claim by yourself. Insurance companies would rather settle a case with you than pay large court costs and additional lawyer's fees.

CARACCIDENTSECRETS.COM provides the information necessary to work directly with an adjuster without having to go through a lawyer, saving you lots of money and time. In certain cases you may need a lawyer the book has the secret as to when and why.

The insurance adjuster will work with the injured party to settle the claim. You can now settle a claim with confidence because you will have the same information and secrets the adjusters and lawyers use to settle claims. You should put the money in your pocket not the lawyers. After all, you were involved in the accident, not the lawyer.

The book will show you the SECRET FORMULA that the insurance companies use to determine how much a claim is worth. It's a secret that can be valuable to you and your family/friends if they are ever in an accident. The book also provides you with the forms you need before and after an accident.

Why pay an lawyer \$5,000 of a \$15,000 settlement when you can do it yourself ? Don't hire that lawyer to handle your personal injury claim from an accident . Do it yourself and save the lawyers fee. Lawyers will typically take 1/3 of your settlement ! Can you afford to throw \$5000 away ?

Go to [www.CARACCIDENTSECRETS.com](http://www.CARACCIDENTSECRETS.com) today and learn the secrets the insurance companies don't want you to know.
