

## **Car finance experts, Car Loan 4U, take a look at the new low emissions Mazda**

*Car Loan 4 U take a glimpse at the all-new Mazda, a model that is set to help drivers reduce their carbon footprint as well as getting more power for their money.*

Macclesfield (PRWEB UK) 16 January 2013 -- Car Loan 4U takes a glimpse at the all-new Mazda, a model that is set to help drivers reduce their carbon footprint as well as getting more power for their money.

With rising petrol and car insurance costs hitting drivers budgets hard, Car Loan 4 U look at why the all-new Mazda could be an option for budget conscious drivers.

The model boasts excellent fuel consumption and driving dynamics, with the 2.0 litre all petrol engine delivering a 17% reduction in CO2 with a 21% increase in power.

Car Loan 4U Co-Director Ryan Dignan comments;

“Better fuel efficiency and lower insurance costs means that many new cars are very affordable to run – far better than many older gas guzzlers. Obviously, for anyone looking to purchase a new car – affordable car finance options from Car Loan 4U is available.”

The all-new Mazda is the second new generation of cars to feature Mazda’s Sky Activ Technology and new design elements.

Drivers can also select from a choice of four door saloon body or five door Tourer variants.

The Mazda6 is available in a range of trim levels starting from just £19,595. The powerful six –speed manual control car can reach 0- 62 miles per hour in just 9.5 seconds and top speeds of 129 mph.

The new Mazda also features cruise control, an engine push button start, daytime running lights and an integrated touch screen multimedia commander.

The impressive list of features continues with some great security features such as an emergency stop signalling system.

If you are considering buying a new car, car finance could help.
