

Humboldt Storage and Moving of Canton Appoints Julie Williams as Customer Service Representative

Humboldt Storage and Moving of Canton, Mass. has recently appointed Julie Williams to the customer service team.

Canton, Quincy and Stoughton, MA ([PRWEB](#)) July 20, 2005 -- Humboldt Storage and Moving of Canton, Mass., greater Boston's largest United Van Lines agent, has recently appointed Julie Williams to the customer service team.

In her new position as Customer Service Representative at Humboldt Storage and Moving, Williams will manage COD customers and coordinate household goods moves from start to finish. She will collaborate with Operations and Sales departments in providing the highest quality move to the customer.

According to Williams, "One of the most important aspects of my job is establishing a good relationship with the customer. The customer trusts you -- you're moving their life. We cultivate our relationship with the customer, provide the highest quality move possible and then ask our customer to give us feedback."

Prior to Humboldt, Williams was a Marketing Coordinator for two years in Coldwell Banker's Canton and Milton offices. For 15 years previous to that, Williams worked at Computer Associates in Framingham as an Event Manager, where she gained hands-on experience in logistics through conference planning and managing trade shows. She has completed numerous marketing and computer programming courses to further enhance her career.

A native of Quincy, Mass., Williams resides in Stoughton with her fiancé, Paul Chiereghio and three-year old daughter, Jessica.

Century-old Moving History

Humboldt Storage and Moving, Greater Boston's largest United Van Lines agent remains within the top 5% of all United Van Lines agents for sales volume. Humboldt has over 90 employees and is a leader in assisting seniors with sensitive down-sizing relocations; coordinating highly technical lab and hospital moves; time-sensitive office relocations; college relocations; and household relocations that are around the block or around the world.

United Van Lines, Inc., headquartered in Missouri, is a world leader in the moving industry with a network of 1,000 affiliated agencies in 135 countries. Nationally recognized, Humboldt Storage and Moving ranks in the top 10 percent of domestic United Van Lines agents.

Dedicated to making relocation as smooth and stress-free as possible, Humboldt offers many specialty services including:

- * Oversized custom-designed crate service Â Custom crating which is ideal for an antique armoire, valuable painting or grand piano.
- * Supplies Â Packing and moving supplies, including bubble wrap, furniture pads, recycled boxes and custom designed crates.
- * Professional packing Â Combining knowledge of the fragility of hundreds of items with tremendous care and the latest packing materials to move items intact anywhere in the world.
- * For do-it-yourselfers - For folks on a budget, customers may opt to use Humboldt's van (complete with driver) but pack, load and unload items themselves.
- * Highly Technical Laboratory and Hospital moves - Includes transportation of refrigerated research material and electronic equipment.
- * Office and Industrial Relocation Services Â Comprehensive relocation services for Fortune 100 to 500 companies.
- * Office Relocation Management Services Â Comprehensive relocation service offering single source, personalized response.
- * Household Relocations Â Every move is a "custom" move and through UniGroup Community Profile Center, we ensure our customers know everything about their new hometowns.
- * International Relocations Â Humboldt is a Registered International Mover (R.I.M.), certified by the American Moving and Storage Association, and provides full service global mobility management.
- * Commercial Warehousing Â 92,000 secured, easily accessible square feet of storage located on 19 acres.

Relocation specialists Humboldt Storage and Moving of Canton, Mass., have equipped their Relocation Consultants with Palm Pilots and their transportation fleet with global positioning systems (GPS) to facilitate moving estimates and "real time" position of moving trucks.
