

Driver Education "How to Drive" DVD videos.

Driver Education DVD videos for Teens, Parents, and Mature Adults plus specialty driving video's for winter driving; advanced driving skills; and On/Off Road driving skills.

([PRWEB](#)) September 4, 2004 -- At Drive Safely, www.drivers-education.net, our Driver Education mission is to save lives on the nation's highways by teaching everyone how to drive a car safely.

We have produced unique Driver Education videos and driving skills content focused on how to drive defensively and create personal margin of safety for each driver on the highways and byways.

To this end, as a premier Driver Education company, we provide state-of-the-art self-taught Driver Education videos in DVD format for teens, parents, adult drivers, and mature drivers as well as specialty needs such as safely driving an SUV, Road Rage, Winter Driving, Advanced Driving skills taught by some of the top Indy race car drivers.

Our Driver Education goal is to change the way people learn to drive by raising their level of driver education knowledge, driving skills and driver safety awareness.

We will continue to add to the availability of Driver Education tools to raise the quality of life in this country by, hopefully, reducing the number of accidents, injury, and deaths caused in driving related accidents.
