

Buy or Sell Your Car - Without Paying Dealer Premiums or Sales Tax

Cars FiSBO is a new place exclusively for buyers and sellers of "private seller" vehicles. Used car dealers are not welcome to list their cars on this site.

Atlanta, GA ([PRWEB](#)) September 5, 2004 -- Finally - a website where you can find cars that are for sale by owner without having to weed through thousands of dealer ads first. CarsFiSBO is a website designed for people who wish to avoid the dealer hassle. It is a new place exclusively for buyers and sellers of "private seller" vehicles. In fact, used car dealers are NOT welcome on this site.

The cars on this site are truly for sale by owner. While this website is gaining exposure, they will list your FiSBO on CarsFiSBO.com for free. Both the seller and buyer can save thousands by going through individual owners. Not only are dealer hassles avoided, but so is sales tax.

To register your car, go to www.CarsFiSBO.com and list your ad and upload a digital photo of your car.

This website is exactly what private sellers are looking for.
