

## **RMI International Wins Honda Premier Partner Award 2004**

*Richard Rodriguez, President of RMI International Inc, a 100% Minority Business Enterprise, won the 2004 Premier Partner award given by American Honda Motors.*

([PRWEB](#)) October 1, 2004 -- Downey, Ca (PRWEB) October 1, 2004 Â Richard Rodriguez, President of RMI International Inc, a 100% Minority Business Enterprise, won the 2004 Premier Partner award given by American Honda Motors. Mr. Rodriguez was chosen from a select group of talented entrepreneurs because of the dramatic improvement in security services American Honda Motors has realized under his leadership.

In a statement released by Honda they wrote, Â Congratulations to our Premier Partner Award winners.Â

Â At Honda, we realize we are not alone in our pursuit of excellence. It takes a dedicated team to help a company serve the needs of its customers in the most efficient and cost-effective ways. Here are 15 companies whose commitment and excellent service help keep our Automobile, Parts, Motorcycle and Power Equipment divisions running smoothly. We thank them for sharing our philosophy of exceeding customer expectations at every turn. And, we are certainly grateful for the helping hand.Â

Being dissatisfied with the way security companies were treating their customers and employees, Mr. Rodriguez started RMI International with the single purpose of moving the security industry to a new higher level of service and reliability. He worked hard to achieve this goal on numerous contracts in the late 1990s. Then American Honda Motors took notice and hired his company to provide security services for a majority of their facilities in North America. That contract led to others and by the end of 2003, RMI International's revenues exceeded \$11 million.

RMI International Inc. specializes in security services for businesses of all sizes and types. For more information, contact Richard Greene at (562) 806-9098.
