

Rainmagic To Introduce Antifog Treatment

Rainmagic to introduce antifog treatment safe for windshields and face shields

Pembroke Pines, FL ([PRWEB](#)) October 6, 2004 -- The company that introduced pyrocoat R to the NHRA & IHRA and rainmagic motorcycle formula for honda and harleys. Will soon make available an antifog formula to the public. After five years of development this formula is safe on plastics and polycarbonates.

RainMagic antifog formula is the first coating that's easily applied and safe for G.E. lexan windshields and plastics. For use on motorcycle windshields, fairings, mirrors, face shields, goggles, and boats for visibility through rain, sleet, and snow.

RainMagic disperses water by encouraging raindrop consolidation.

For use on Lexan (used in Harley-Davidson, Gold Wing and Ducati windshields).

RainMagic antifog will last for weeks not days like other products.

For additional information (or sample, copy or demo) contact:
RainMagic Motorsports, , Pembroke Pines, Florida 33024.

RainMagic motorcycle formula sells for 15.99 + s&h
