

Rain Postpones TRIMSPA 150 at Wall Township Speedway to October 16th

With 30 NASCAR Busch Grand National North Series cars in the pit area and after the water from an early Saturday afternoon shower was dried by the Wall Speedway track maintenance, the skies once again opened with heavy rain. The second storm was accompanied by thunder and lightning, forcing officials to postpone the TRIMSPA 150 race at Wall Township Speedway until Saturday, October 16, 2004.

([PRWEB](#)) October 10, 2004 -- Wall Township, NJ (PRWEB) October 10, 2004 With 30 NASCAR Busch Grand National North Series cars in the pit area and after the water from an early Saturday afternoon shower was dried by the Wall Speedway track maintenance, the skies once again opened with heavy rain. The second storm was accompanied by thunder and lightning, forcing officials to postpone the TRIMSPA 150 race at Wall Township Speedway until Saturday, October 16, 2004.

"We are very disappointed," speedway operations manager Joe Lewandoski said. "We worked very hard at drying out the track after the first shower. We had a great field of cars on hand and they were all getting around the speedway very well. We also had several sponsor parties underway and those people were very excited about the race. Now we can only wait until October 16 and hope for better weather."

Also sponsored by TRIMSPA, driver Joey McCarthy of Randolph, NJ, will be awaiting his chance to compete in his home state for the final race of the Busch North Series, as he pilots the Team TRIMSPA #64 Chevy.

"We were looking forward to putting on a good show for our fans and for TRIMSPA, who was also sponsoring the race. We ran well in practice and were working on changes that should make us even better, but we'll have to wait to see how those work out and what the conditions will be when we come back. We'll take these two weeks to make sure everything's gone over at the shop, so when we do get back on the track, we'll be in even better shape to race."

Spectator seating will open at the special time of 3:00 p.m., with time trial qualifying starting at 5:15 p.m. The first race of the evening is set for 6:15 p.m., while the TRIMSPA 150 is scheduled to take the green flag at 8:00 p.m. Advance tickets are available by calling the speedway hotline at 732-681-6400. Speed Channel® will tape the action for broadcast on Saturday, November 20th.

TRIMSPA®, a Cedar Knolls, New Jersey company is the maker of TRIMSPA® X32, the leader in weight-loss supplements. TRIMSPA is a key sponsor in the NASCAR®, racing circuit through Braun Racing, supported various events and has worked with numerous charitable organizations including the Millennium Women's Foundation, Susan G.
