

Havis Expands “Made for iPad” Docking Systems Product Line

Docking and cradle solutions for all iPad models

WARMINSTER, Pa. ([PRWEB](#)) December 20, 2016 -- Havis Inc., a leading manufacturer of mobile office solutions for mobile professionals, has announced the expansion of its “Made for iPad” product line to include compatible docking and cradle solutions for all Apple iPad models.

The Havis Docking System Package for the iPad 2, 3, 4, Air, Air 2 and Pro 9.7” models provides a secure location for charging and usage in almost any work environment. This complete Havis Docking System Package includes a durable protective case that, once placed in the docking station, offers tablet charging and security in office, medical, enterprise and in-vehicle workplaces. Havis also offers Universal Tablet Cradles to provide versatile and compact non-electric cradling solutions for the iPad Mini and iPad Pro 12.9” models.

The following Havis products are “Made for iPad”:

- Patent-pending Universal Tablet Cradle (UT-301) – the latest addition to Havis’ “Made for iPad” product line is an easy-to-use non-electric cradle that is compatible with the iPad Mini tablet.
- Universal Tablet Cradle (UT-201) – a non-electric, thin-profile tray that is compatible with the iPad Pro 12.9” model.
- Havis Docking Solutions and System Packages “Made for iPad” 2, 3, 4, Air, Air 2 and Pro 9.7” models – the complete docking system package includes a durable protective case for tablet charging and added security. Havis also offers Enhanced Protection Plans for added value.

Havis’ “Made for iPad” solutions are tested to the industry’s highest safety standards, including vibration and environmental testing for extreme operational and storage temperatures to ensure quality performance in the most rugged conditions. Product features like rounded corners and edges also minimize risk in case of a potential accident. Lock and key are supplied with products for peace of mind theft deterrence. Havis highly recommends protective covers to ensure tablet security.
