

Havis Releases New Vehicle Specific Mobile Solutions for 2017

New year, new vehicles, new mobile office mounting solutions by Havis

Warminster, Pa. ([PRWEB](#)) January 05, 2017 -- Havis Inc., a leading manufacturer of mobile office solutions for mobile professionals, has announced the launch of vehicle-specific and universal mobile office mounting solutions for a wide range of 2017 vehicles. Havis consoles, equipment mounting and computer device docking solutions are specifically designed with vehicles and mobile professionals in mind to create a comfortable mobile office built to the highest safety standards.

Havis' broad portfolio of rugged products provides secure mounting solutions for 2017 vehicles across a variety of markets, including utility and energy services, public safety, material handling, military, transportation, railroad and more. Mounting solutions are available for Chevrolet, Chrysler, Dodge, Ford, Freightliner, GMC, International, Isuzu, Jeep, Honda, Nissan and more. Havis works directly with OEM partners to develop vehicle specific equipment mounting and computing solutions that maximize productivity in mobile offices.

Havis equipment mounting solutions are tested to the industry's highest safety standards, including vibration and environmental testing to ensure quality performance in the most rugged conditions.
