

## **Havis Releases Guide For Implementation Of ELD Mandate**

*New whitepaper to plan total mobility solution is available online for free download*

Warminster, PA ([PRWEB](#)) July 17, 2017 -- Havis, Inc, an industry leader in designing and manufacturing computer docking and equipment mounting solutions for mobile applications, has released a new white paper to help fleet managers strategically plan their implementation of the new Electronic Logging Devices (ELD) mandate.

Havis' "The Impact of ELD Mandate on a Total Mobility Solution" details steps for planning and implementing the new standards, including choosing eligible devices and software, and securing the devices inside the vehicle. Docking considerations include the safety of the mounting system, the ergonomic design of the mounting system for the comfort of the driver, and the selection of the right supplier partner to help guide the installation.
