

## **Havis Releases Guide for Mobile Office Power Supply Considerations**

*New whitepaper on maintaining mobile computing reliability is available online for free download.*

Warminster, PA ([PRWEB](#)) August 14, 2017 -- Havis Inc, an industry leader in designing and manufacturing computer docking and equipment mounting solutions for mobile applications, has released a new white paper designed to provide fleet managers with valuable information regarding power supply options and requirements for strategically planning their mobile office solutions.

Havis' "Critical Power Guide for Fleet Mobility" details important considerations for planning and implementing power requirements for a mobile office strategy, including strategic planning for power in mobility, understanding power supply varieties, the basics of power supply installation, and tips for choosing the right vendors.
