

Moving & Delivery Equipment Manufacturer Provides Convenient Product Availability With New Driver Services Program

The ProSeries line of equipment is specifically designed to reduce claims and protect assets. And, drivers from many industries benefit from these professional grade products; trucking, delivery, moving and storage, logistics, material handling, and even consumers.

Dallas, TX ([PRWEB](#)) November 10, 2004 - Before you invest time and money acquiring moving, material handling, or delivery equipment, check with the professionals at American Moving Supplies. Whether you are an independent operator or company agent, they can tell you where the products you need can be located at the best prices while on the road.

“We have the quality products you need, where you need them, and at competitive prices,” explains Don Trammell, National Sales Manager. “Distribution partners are available nationally to serve our customers with contract prices and driver discounts.”

The ProSeries program found at <http://www.americanmovingsupplies.com> is designed to leverage economies of scale and provide convenient “pick-up” points for drivers. “We are where you are” defines our business model, says Don Trammell. The ProSeries line of equipment is specifically designed to reduce claims and protect assets. And, drivers from many industries benefit from these professional grade products; trucking, delivery, moving and storage, logistics, material handling, and even consumers.

American Moving Supplies is a certified WBE and is based in Dallas, TX. Their products are available nationally through distribution. Contact their toll free number for the distributor nearest you.
