

Nationwide Charter Bus Service Offers Service in More Than 350 Cities Through a "One Call Does It All" Reservation Center

For years chartering a bus for group travel was something you left up to your travel agent to handle. Today, things have changed. With the internet allowing millions of people to take their travel plans into their own hands it only seems natural for that to include group travel and transportation.

Goodyear, AZ ([PRWEB](#)) December 2, 2004 -- Today, USA Bus Charter, Inc. and experienced transportation provider since 1983 offers no hassle information and booking assistance on its charter buses in more than 350 North American cities. USA's professional staff of charter sales agents work with each client on a one to one basis assisting them with every process of chartering a bus, all at no additional fee.

Groups include FORTUNE500 companies, colleges, churches and even individuals planning cross country family reunions. Service is available in all 50 States and buses available include mini-buses, full size motor coaches and specialty coaches with seating for 14 to 61 passengers.

USA Bus Charter, Inc. is a member in good standing with the Better Business Bureau and also belongs to the nation's oldest charter bus association, The American Bus Association which was established in 1927. In addition, USA Bus Charter, Inc. has an alliance with GREYHOUND LINES® to utilize their fleet of 2800 buses nationwide for emergency and last minute charter bus service.

"People are often amazed at how affordable group travel can be for their group. We take the headache, hassles and worries out of the planning it takes to make their trip a success" says Steven R. Martin, President and CEO. "Our network of licensed, insured and quality operators takes the guess work out of chartering a bus for so many. We know what it takes to provide our clients with a safe and reliable charter", says Martin.
