

Hubcaps at HubcapMike.com Are Now Easily Purchased Online With the Launch of the New Hubcap Mike Online Store Website on December 1st 2004

The website HubcapMike.com consists of over 250 web pages which include a photo of each and every wheel cover sold on the site. All photos of hubcaps enlarge for better viewing and customers can easily order online via extremely secure 128 bit SSL encryption. In stock orders placed before noon business days are shipped the same day.

([PRWEB](#)) December 9, 2004 -- "I think people are going to love our website because we sell only new high quality hubcaps at discount prices. We are one of the few websites that carry vintage and kustom hubcaps for classic autos, modified classic cars, lowriders and street rods. We also have a great selection of custom and replica caps," comments the founder Michael Collins. He has been in the wheel cover business for 20 years and opened his store in the city of Orange California in 1992. Mike designs and manufactures custom hubcaps specializing in wheel covers for custom and vintage cars. Besides replica caps for specific models of cars, the website also carries Cross Bar, Smoothie, Lancer, Fiesta, Hollywood Flipper, Racing Disc and Ripple Disc vintage covers and more. "This really is a fun business and I hope that the customers that come to our website have as much fun shopping as we do hosting the site."

About HubcapMike.com

Mike Collins has over 20 years of experience designing, manufacturing, buying and selling hubcaps and wheel covers. After 12 years of his company serving the surrounding communities of Orange California, they are proud to be able to serve all of the U.S. by launching this new website.
