

## **Mini Cooper Countdown New Year's Eve Event Moved To Notebaert Nature Museum**

*Increased demand for space and tickets moves Mini Cooper Countdown Event to Notebaert Nature Museum in Lincoln Park.*

Chicago, IL ([PRWEB](#)) December 25, 2004 -- Due to a dramatic increase in demand for tickets and space for the almost sold-out New Year's event, the Mini Cooper Countdown has been moved to the magnificent tropical setting of the Notebaert Nature Museum (2430 North Cannon Drive) from its original locale at the River East Arts Center.

Nestled in Lincoln Park, the Nature Museum offers the region's only year-round butterfly haven, a re-created walk through the wilderness, running rivers, a wetland marsh and much more. In addition to the museum, the event will include a 30,000 square foot circus tent set up on the deck, with humongous heaters, bars and entertainment so guests can fully enjoy the glorious natural surroundings.

The Countdown will include same great drinks, food, deserts, bands, and (of course) the Mini Cooper convertible giveaway, but with more space and a truly momentous background.

For more information on the event or to buy tickets, visit [www.chicagonewyear.com](http://www.chicagonewyear.com).

### **About LPYP**

Cultivating a loyal and active group of young professionals, LPYP is a social membership program founded in August 1995. With over 10,000 members, the group organizes and promotes Chicago's premier social gatherings, as well as offering members special offers at selected sponsor locations, cultural institutions, restaurants, and theaters. Visit them online at <http://www.lp-yp.com>.
