Previously, Mr. Moll held various Sales and Marketing, as well as Project Management positions within DEKRA Automotive and DEKRA International in Germany.*

Atlanta, GA ([PRWEB](#)) January 19, 2005 -- DEKRA America Inc. announces the resignation of Frank Moll as Vice President of Business Development. Mr. Moll was part of the initial DEKRA America Inc. management team since DEKRA America's inception in late 2002. Previously, Mr. Moll held various Sales and Marketing, as well as Project Management positions within DEKRA Automotive and DEKRA International in Germany.

"After much reflection and soul searching, I have decided to resign from my position as Vice President of Business Development with DEKRA America Inc. as of December 31st, 2004. My reasons for leaving are of a personal nature. I have experienced immense personal satisfaction, both from my job assignments and from the close friendships I have established with my co-workers. My almost 5 years with DEKRA have been a wonderful time of growth and learning. I regret that my current situation requires that I make this difficult decision now," stated Mr. Moll.

Dr. Thomas Klukas, President and CEO of DEKRA America Inc. stated, "I thank Frank Moll for his outstanding work as Vice President of Business Development for DEKRA America Inc. during the last 2 years. DEKRA has benefited from Mr. Moll's broad U.S. business expertise, starting with the incorporation of our first U.S. subsidiary, through his role during the M&A process of Emission Check LLC and later its integration into the global DEKRA concern." Thomas Klukas continued, "Mr. Moll filled a crucial role as our corporate and cultural liaison between our German Headquarters and our North American subsidiaries. For his professional and personal future, we wish him all the best."

### **About DEKRA America Inc.**

DEKRA America Inc., a subsidiary of the DEKRA Group, the leading vehicle inspection provider in Europe (20 million vehicle inspections annually), through its 100% subsidiary DEKRA Emission Check Inc. employs over 80 employees throughout the Atlanta and Dallas/Fort Worth regions. DEKRA America Inc. is responsible for the DEKRA business development in the U.S and the NAFTA region.

DEKRA Emission Check Inc. currently operates 26 emission testing locations in Georgia and 13 safety and emission testing locations in Texas ([www.InspectionsOnly.com](http://www.InspectionsOnly.com)). Emission Check Inc. pioneered the "test-only" model providing its customers totally unbiased testing of their cars within 15 minutes without appointment. In 2004 DEKRA Emission Check Inc. performed over 350,000 vehicle emission tests in Georgia & Texas making it the market leader in those States.
