

Limos.com Launches Toll-Free Nationwide Consumer Search Service @ 866-LIMOS-COM

Limos.com, the web's eldest and most used limousine search service has launched a new database driven phone system which directly connect consumers to limousine services nationwide determinant on user preferences.

([PRWEB](#)) February 1, 2005 -- Phoenix, AZ February 1, 2005 - 866-LIMOS-COM is a new toll-free phone system which gives consumers the ability to search & connect with a limousine service anywhere in the United States. Customers needing car or limo service for airport transportation, weddings, or any chauffeured car service, can call toll free 866-546-6726 (866-LIMOS-COM) and book car service with a Limos.com service. It's fast, easy to use and free to the caller.

“This integrated technology solution allows consumers to pick up the phone anywhere, whether at home or traveling nationwide, and book a limousine service immediately.” explains Michael Composto, CEO & Founder of Limos.com. “Because Limos.com nationally represents over 14,000 limos and sedans operating in the United States, 866-LIMOS-COM gives consumers a quick medium to book service when convenience or time is of the essence.”

866-LIMOS-COM prompts callers to answer a few simple questions which queries a nationwide database of limousine providers. When the caller and their needs are matched to an available limousine service who accepts the call, 866-LIMOS-COM directly connects the customer with that limousine service. Limos.com limousine advertisers pay per phone call via the Limos.com Lead-By-Phone interface available for Limos.com services.

Since 1997, Limos.com, “The Limousine Search Engine”, has been the leader in connecting the public with limousine companies worldwide. With services represented in over 22 countries worldwide, Limos.com connects users to limousine service via the phone and internet. Customers can view limousine service information, photos and read reviews from other customers. Limousine services can become Limos.com advertisers if they are licensed, insured and provide superior customer service. Limos.com advertisers can receive Lead-By-Email or Lead-By-Phone requests for service. Limos.com, LimoforSale.com and The Limo-Forum “The Limousine Industry Discussion Center” are website properties of Viperion Corporation in Phoenix Arizona.
