

## **Total Restoration Training School: Get The Training That You Need**

*Alloy Rim Repair, Dent Repair, Windshield Repair, Paint Touchup, Leather & Vinyl, Velour and Pinstriping.*

([PRWEB](#)) February 7, 2005 -- A+ and Stop-A-Crack have teamed up to offer our customers the opportunity to train for a great career in the automotive industry.

Stop-A-Crack has been in business since 1993 and A+ became a Proprietary School in May of 2004. Stop-A-Crack has been training technicians in windshield repair since 1995 and now we offer all types of training.

Alloy Rim Repair, Dent Repair, Paint Touchups, Windshield Repair, Leateher & Vinyl, Velour and Pinstriping.

You can choose one of the above to train in or choose from several.

If you are already in business, try adding one of these to your existing business. The Hot Trade to learn is Alloy Rim Repair. Their is a great opportunity to offer a mobile service repairing rims. The car dealers need this service and pay \$50.00 per rim. Some techs do 20 in a day!

Don't let your competition get it before you do! Training Available!
