

Locate Your Vehicle 24/7

Northwest GPS announces affiliation with Network Car bringing affordable GPS technology to vehicles in the Northwest, including vehicle tracking and e-mail alerts.

Seattle, WA ([PRWEB](http://prweb.com)) February 9, 2005 -- Northwest GPS, (<http://nwgps.com>), a Seattle based company and a leader in GPS technologies for consumers and fleet owners, is pleased to add Network Car products to its GPS product line. Our mission is to offer solutions that save lives, protect families and strengthen businesses.

These outstanding products combine real-time tracking, historical reporting, problem alerts, and ongoing vehicle diagnostics. All system vehicles are accessible at any Internet-equipped computer via browser interface. The owner is in control.

Features include:

Automatic Vehicle Location & Routing:

- Â· Get GPS location every two minutes
- Â· View map of entire fleet or individual vehicles
- Â· View historical driving track
- Â· Create a geo-fence
- Â· Find the vehicle closest to street address
- Â· Get driving directions for your drivers
- Â· Plot customer landmarks

Reporting/Alerting:

- Â· Maximum speed
- Â· Start/Stop times and locations
- Â· Begin/End of day reports
- Â· Idle time
- Â· RPM

Remote Diagnostics

- Â· We have the ONLY solution interfacing directly with the onboard computer and reports the Diagnostic Trouble Code (DTC)
- Â· Receive immediate DTC alerts via email when a problem is detected.
- Â· Receive maintenance reminders at for mileage-based scheduled maintenance alerts.

Safety & Security (included at no extra cost)

- Â· Nationwide stolen vehicle recovery
- Â· Complete roadside assistance package for every vehicle (includes towing, locksmith, flat tire repair, fuel delivery and battery boost)
- Â· Possible discounted insurance rate (the system is considered an anti-theft device)

Network Car is a Reynolds & Reynolds company. It is a complete solution for monitoring the performance, location, and security of your car.

Northwest GPS offers GPS products at affordable prices that include training and outstanding customer service.

We are dedicated to keeping you safe.
