

## **Ethanol Across America to Partner with MotorSports-Marketing for 2005 Season**

*Ethanol Across America to partner with MotorSports-Marketing for 2005 Season.*

Beach Lake PA ([PRWEB](#)) February 13, 2005 -- Ethanol Across America is a unique grassroots information network. It is a partnership between industry and government that is committed to advancing the production and use of renewable fuel ethanol by implementing a comprehensive education and outreach program. The result of this effort will be increased consumer and public support for the policies and programs that sustain ethanol production and use, thereby paving the way for the growth of this home grown fuel that can help our economy, environment and reduce our dangerous dependence on foreign oil.

Michael C. Morris, Driver, commented. "I am excited by this partnership with Ethanol Across America as I have always supported a "green" America and the use of renewable fuels. I am looking forward to great season with their support."

Doug Durante, Executive Director of Ethanol Across America commented "I have worked with Mike and MotorSports-Marketing in the past on Outreach and Educational programs and those programs were very successful. This partnership will provide Ethanol Across America a great vehicle to spread our message, provide a testing ground for ethanol fuel development and broaden our national education program."

Ethanol Across America provides a partnership for the 2005 season to compete in SCCA's National Formula Atlantic class, EP Class, Honda Challenge and a Northeast Enduro Series.
