

Busco Inc. dba Arrow Stage Lines Purchases Corporate Transportation & Tours in Phoenix, Arizona.

Corporate Transportation & Tours (CTNT) was purchased by Busco, Inc., a Nebraska based motorcoach carrier that has been doing business since 1928.

Phoenix, AZ ([PRWEB](#)) February 16, 2005 -- On February 1st, 2005, Corporate Transportation & Tours (CTNT) was purchased by Busco, Inc., a Nebraska based motorcoach carrier that has been doing business since 1928.

Busco, Inc., dba Arrow Stage Lines, is a Nebraska based, family owned company that has 13 locations all west of the Mississippi River, including Omaha, Kansas City, Denver, Las Vegas and Tucson. Although the company had a previous connection with Arrow Stage Lines of Phoenix, it currently has no official ties with this company and should not be confused with such company.

Steve Busskohl, president of Arrow Stage Lines, is quoted saying "CTNT is a perfect acquisition for Arrow Stage Lines as both companies have very similar approaches to the market such as (1) on time performance, (2) well maintained, up to date equipment, (3) professional, well trained, uniformed drivers and (4) a commitment to customer service that exceeds the expectations of their customers".

Arrow Stage Lines will be maintaining the office staff that CTNT clients are familiar working with and all the equipment and staff of drivers will remain the same. Arrow Stage Lines will later this month begin to add vehicles to the CTNT fleet here in Phoenix and bring vehicles in from other locations as events and charters require.
