

Innovative Turbo Systems Goes Outlaw 10.5 with the OSCA This Season

Innovative Turbo Systems to Sponsor the Outlaw 10.5 Class for Upcoming 2005 Race Season

Simi Valley, CA ([PRWEB](#)) February 16, 2005 -- Innovative Turbo Systems announced today that they will be the title sponsor for the OSCA Outlaw 10.5 class for the upcoming 2005 race season. "Many of the heavy hitters within this class will be running Innovative product, so to sponsor the class seemed like an obvious fit for us," says Rick Head, President of Innovative Turbo Systems. With this sponsorship, there will be three races Innovative Turbo will title sponsor through out the season. These races have been listed below for your reference:

- " April 9, 2005 - Innovative Turbo Nationals in Hardinsburg, KY
- " August 13, 2005 - Innovative Turbo Nationals in Bloomfield, IN
- " October 8, 2005 - Innovative Turbo World Finals Cincinnati, OH

"This is the premier class of the OSCA, and as the technology of turbocharging continues to progress in drag racing we are excited about sponsoring the action and furthering the sport," says Rick Head, President of Innovative Turbo Systems. "We are pleased to be involved with the OSCA for the 2005 season as this is not just a gathering of similar cars but a diverse group of vehicles that span the entire Drag Racing industry. With this in mind we are looking forward to some great racing this season."

The OSCA is also considering it's first Outlaw Drag Radial race this year. Should this become a reality and the turn out successful, there just might be a whole new class added to the OSCA roster for the 2006 season!

Innovative Turbo Systems (ITS) provides simply the best in performance turbochargers, components, accessories, systems and service. Since ITS is made up of racers, it provides racers' insights into problem solving and product selection. The ITS team's competitive nature, technical expertise and hands-on approach drives it to develop innovative new products that outperform all others.
