*Announcing the Release of "Hidden Curves" by Jo Barrett*

([PRWEB](#)) February 19, 2005 -- Blurb:

Zeke Snow isn't exactly sure what to do with the woman who represents everything he's spent the last three years trying to forget. She's irritating, argumentative, and damned annoying. She smells like heaven. He'll either kill her or kiss her before their journey is over. Or will he simply give into his heart and love her?

All Susan Thompson ever wanted was to be happy, but is getting married simply because it's expected the answer? Stranded in a snowstorm with a gruff but handsome truck driver as her only means of transportation, thoughts of her fiancé begin to fade as she learns more about her heart than she ever dreamed possible.

Review:

"Hidden Curves by Jo Barrett is a gem of a story! I found it to be a refreshing and delightful interlude that was difficult to put down. I was actually disappointed when the story ended. I am pleased to be able to promote this terrific novel to all who love romance." ~ Nadine, Romance Junkies
