

Storm Damage Repaired - Grand Re-Opening of AutoMint

Pre-owned high line car dealership in West Palm Beach Florida reopens after storm damage from Hurricane Francis.

West Palm Beach, FL ([PRWEB](#)) February 27, 2005 -- After over four months of construction, AUTOMINT is finally back in our showroom at 1029 North Florida Mango Road Suite 1. All of our exquisite high line pre-owned vehicles can be viewed in air conditioned comfort. Each of our vehicles is hand picked for quality and unique features. We deal primarily with later model vehicles which have an existing factory warranty which gives our customers peace of mind. We also offer extended warranties. While we offer some of the best financing and leasing rates in Florida we also do direct sales. AUTOMINT takes trade-ins to help our customers make an easy transition into the vehicle they desire. With a variety of bank sources we are able to accomodate those customers with the best credit to those with less than perfect credit including prior bankruptcy. If you are looking for a personalized shopping experience with no pressure and enjoy dealing with people of integrity then AUTOMINT is the place for you.

We have been in this business since 1980 thanks to our loyal customers who trust us enough to refer their friends and relatives. Initially we started out in the World Trade Center in New York City doing leasing of new vehicles. We have expanded our operations over the years to include all makes and models of cars as well as SUV models. While we carry a small select inventory in our indoor showroom, we are able to locate any new or pre-owned vehicle. For information you can call us at 561-616-0022, you can see our cars on line at www.mintautocar.com, or drop in at 1029 North Florida Mango Road, West Palm Beach.
