

Tot-em Transportation Implements Distinctive Systems Coach Manager and Vehicle Maintenance Solutions

Tot-em Transportation Implements Distinctive Systems Coach Manager and Vehicle Maintenance Solutions

HAMILTON SQUARE, NJ ([PRWEB](#)) March 12, 2005 -- Paradigm Technology Consulting, LLC (PTC) is pleased to announce that one of Western Canada's principal tour and destination bus operators, Tot-em Transportation Medicine Hat, Ltd. (Tot-em), has selected and implemented Distinctive Systems' leading Coach Manager software and PTC's transportation suite of products to manage their diverse fleet.

After a comprehensive evaluation of specialized software in the marketplace, Tot-em chose to implement the Distinctive Systems Charter Booking System (CBS), to manage all aspects of charter and contract bookings, the Vehicle Maintenance System (VMS), which will handle all of their scheduled & unscheduled maintenance activities for their fleet and the Paradigm Transportation Suite (PTS) product to streamline the accounting of driver advances and expenses, fuel purchases and mileage by state/province and payroll information.

"Distinctive and Paradigm's solutions stood out as the obvious choice. The range of features was very impressive, and included everything to meet our requirements and was the most practical solutions given our desire for future growth." Said Terry Thom, Director of Information Technology of Tot-em. After the implementation process, Terry stated "The fact that we went from nothing to everything in two weeks is a very positive testament to the PTC organization and the Distinctive Systems software." Terry went on to say "The effort and professionalism put forth in the implementation process by the PTC staff was remarkable."

According to Bridgette Hobart-Janeczko, CPA, President of PTC "We were thrilled to be able to offer Tot-em a product suite that addresses their requirements and allows the company to improve the way it is doing business with their customers." Hobart-Janeczko states "With the Distinctive and PTC solutions, we believe that Tot-em will be able to support its core goal of being a world-class service provider."

About Tot-em Transportation

Tot-em Transportation was established in 1938. Tot-em's head office is located in Medicine Hat, Alberta Canada where it operates school buses for student transportation and motor coaches on industrial contract runs. Tot-em has recently opened an office and maintenance facility in Calgary. Tot-em also operates one of the most modern fleet of Prevost H345 motor coaches in all of Western Canada for charters and tours destined for Canada and the United States. Tot-em currently provides transportation services for tour companies and tour operators, both domestic and international out of Calgary, Alberta and Vancouver, British Columbia.
