([PRWEB](#)) March 14, 2005 -- Recently launched, caraccidentsecrets.com is already receiving praise from people just like you who find that handling their own personal injury claim saves them thousands of dollars, and lessens frustration with the entire process.

An insurance adjuster always attempts to work with the injured party to settle the claim. You, the injured party, can now interact with confidence because you'll be armed with the same information and secrets the adjusters and attorneys use to resolve claims. Our goal is to allow injured persons to put the bulk of their settlement dollar in their pocket, not the attorney's pocket.
