

## **Mitsubishi Fuso Truck of America, Inc. and PLUSS Corporation Are Teaming Up**

*PLUSS Corporations is an aggressive service company with a sharp focus for finding long-term growth opportunities in the heavy-duty trucking and automotive industries. PLUSS Corporation has recently released an upgrade to their industry leading Part Time Manager software in preparation for future alliances with major vendors and their clients.*

Columbia Falls, MT ([PRWEB](#)) March 16, 2005 -- PLUSS Corporations is an aggressive service company with a sharp focus for finding long-term growth opportunities in the heavy-duty trucking and automotive industries. PLUSS Corporation has recently released an upgrade to their industry leading Part Time Manager software in preparation for future alliances with major vendors and their clients. This revolutionary business management software has been named PTM Echelon Suite for the profit levels it can help you achieve. Mitsubishi Fuso Truck of America, Inc. (MFTA) has worked diligently to offer their dealer network the same level of success while making communications between vendor and dealer more seamless. Because of the levels of service and success PLUSS currently provides dealerships, MFTA has chosen PLUSS Corporation to provide software and business solutions for their Mitsubishi Fuso Dealer Network. This partnership is creating a team that will achieve long lasting results.

"We purchased the PTM Business Management Software for our dealership nearly 3 years ago. PLUSS Corporation has provided myself and my employees with a very high level of Education, Consulting, Support, and friendly service that has helped us utilize our investment in PTM to the fullest. The wealth of reporting provides up-to-the minute information throughout the system that gives me sales tracking and forecasting I only dreamed of before. I would recommend PTM and PLUSS Corporation to my all of my peers in the Mitsubishi dealer network!" - Rich Jukonski Jr, Jukonski Truck Sales, Middletown, CT

^□Our dealers are very happy with the relationship they have established with PLUSS Corporation and with the support they receive from their Specialists. They are extremely pleased with the return on investment along with the degree of reporting, efficiency, company controls, and proper financial record keeping" - Orin Black. VP Business Operations, MFTA.

PLUSS Corporation specialized in complete Heavy-Duty truck/Automotive dealership and repair shop management. Since 1983 PLUSS has been providing PC based Heavy Duty Business Management System solutions. Their solutions have integrated accounting/payroll, automated inventory/labor controls, and preventative maintenance specifically geared to minimize overhead while maximizing profit.
