

## Premiere Car Showroom Expanding Into Austin

*AutoMania, one of America's premiere classic, collectible and exotic car showrooms, is expanding into the Austin market.*

AUSTIN, TX ([PRWEB](#)) April 17, 2005 -- AutoMania, one of America's premiere classic, collectible and exotic car showrooms, is expanding into the Austin market. Based out of San Antonio, the company offers a collection of various vehicles: classic; collectible; exotic; street rods; trucks; motorcycles; memorabilia; and more - all of a unique nature, but never the mundane, according to Marty Bocola and Greg Jones, Owners.

“Simply stated, if you are crazy about cars, you are now among friends,” Bocola says. “We are dedicated to serving the car enthusiast and we continue to search the world for exciting vehicles.”

Mark Milstead with NAI Commercial Industrial Properties Co. (NAI CIP) represented Automania in their site search and selection and says the location will be an ideal spot for activity because of its proximity to IH-35. According to Milstead, the site also appealed to AutoMania because the showroom is very large and open with no interior support columns.

AutoMania will be located in a 14,560 square foot facility at 817 Howard Lane, just behind the Home Depot on Howard Lane and IH-35.

According to Bocola and Jones, the company currently has a 25,000 square foot showroom and restoration facility in New Braunfels, Texas on IH-35. All vehicles from both showrooms are available at [www.automaniacs.com](http://www.automaniacs.com).

NAI Commercial Industrial Properties Co. is one of Austin's most experienced commercial real estate firms and the Austin area representative for NAI, the industry's largest global network of real estate service-providers, comprised of 3,500 brokers in 280 offices serving more than 340 markets worldwide. For more information on NAI CIP, please visit [www.naicip.com](http://www.naicip.com).
