

JT&T Products Gains Approval Into Automotive Distribution Network

JT&T Products, a leading supplier of Electrical Wiring Accessories to the automotive aftermarket, announced today that it has been approved as a supplier in the Automotive Distribution Network (ADN).

Reno, NV ([PRWEB](#)) April 28, 2005 -- JT&T Products, a leading supplier of Electrical Wiring Accessories to the automotive aftermarket, announced today that it has been approved as a supplier in the Automotive Distribution Network (ADN), according to Robert Chaffin, Director of Sales & Business Development.

“We are very excited that Automotive Distribution Network recognizes the value of having a core supplier in this category,” said Mr. Chaffin. “Our consultative approach, marketing expertise and 98%+ fill rate in this category will create greater revenue opportunities for each member.

Automotive Distribution Network is one of the largest automotive aftermarket program groups in North America, consisting of 51 members, 242 WD locations and \$2+ billion in annual sales throughout the United States, Mexico and Canada.

JT&T is a leader in innovative, high-quality display merchandising for the automotive, HVAC/R, electronics, OEM, and retail store applications. They have been faithfully serving the industry for over 25 years and are headquartered in Reno, Nevada.
