

STS Announces Opening of Offices in Colombia to Provide Fleet Management Solutions

Fleet managers all around the world face two very important issues: Security and Cost Control. Secure Tracking Systems (STS) addresses both concerns by providing affordable fleet management solutions to improve efficiencies, safety, and security of any sized fleet; utilizing the latest technology in GPS, GSM, Satellite, and RFID .

Miramar, FL ([PRWEB](#)) May 9, 2005 -- Secure Tracking Systems, www.sts-locator.com, announced today the opening of an office in Bogotá, Colombia to serve businesses throughout Latin America. Secure Tracking Systems has offices in the USA and Hong Kong to support fleet operators with a variety of solutions to improve asset visibility and operational efficiency. Solutions that enable continuous logistics improvement, optimized security, and improved customer service.

Secure Tracking Systems helps fleet managers to anticipate problems before they arise. Fleet tracking is about increasing driver safety, running a business more efficiently, and offering your customers the best service possible. STS solutions provide optimized operations and more efficient scheduling along with enhanced security for both cargo and driver. STS improves just-in-time delivery capabilities and addresses the operational issues that are critical in supporting a profitable business. No matter how large or how small your business, STS has the solution.

About Secure Tracking Systems
