

Mobile Dynamics Launches Enhanced Website

Mobile Dynamics, the industry's oldest and largest independent car audio training organization is proud to announce the launch of their new and improved Toronto web site serving students in the Eastern US and Canada.

Toronto, ON ([PRWEB](#)) May 8, 2005 -- Mobile Dynamics, the industry's oldest and largest independent car audio training organization is proud to announce the launch of their new and improved Toronto web site serving students in the Eastern US and Canada, by clicking the "Toronto" link at www.mobiledynamics.com, or going directly to www.mobiledynamics.ca.

The redesigned site features information on programs, admissions, financial loans, careers, student life, news and events. This will assist students in organizing program options, course schedules, living accommodations, student loans and career assistance. New interactive elements can also be found in their photo and video galleries section, which are updated weekly.

Visitors to the site can request to receive free information on how they can "Turn their obsession into their profession" by visiting the "Contact Us" section and filling in the form.

Founded in 1990, Mobile Dynamics East in Toronto is the only "Nationally Accredited Mobile Electronics Installation training facility" in North America. In 1996 a second Mobile Dynamics campus was opened in Phoenix AZ to serve the largely ignored Western US and Latin American region.
