

Peter Cullen "The Voice of the Original Optimus Prime" to Attend Cybercon Expo 2005

Peter Cullen, better known to children of the 80's as "TheVoice of the Original Optimus Prime" from The Transformers, will be making a rare public appearance at Cybercon Expo July 29th and 30th this summer in New York City.

New York, NY ([PRWEB](#)) May 13, 2005 -- Cybercon Expo announces that Peter Cullen, a leading voice acting talent in Hollywood today and overall legend in voice-over character work, known for his work as Optimus Prime in the original 80s Transformers cartoon series and Eeyore the donkey in Disney's Winnie the Pooh, will be attending the show on July 29th and 30th 2005 in New York City.

Peter Cullen has only made two other public appearances in the last decade. He has not been on the east coast of the United States since twenty-something Generation X-ers' interest in the original Transformers rekindled recently. Peter Cullen's busy work schedule in Los Angeles and naturally reserved nature keeps him from doing events of this type, making it a rare and special occasion for fans and collectors alike.

Peter Cullen will be signing autographs on Friday and Saturday throughout the course of the event at designated times. Tickets for autographs can be purchased in advance online or at the show in person. Autographs are strictly limited to 500 tickets total for the entire weekend.

Mr. Cullen will also take part in a one-hour question-and-answer panel on Saturday evening. Peter will field questions from the fans and has been known to drop in and out of character, allowing attendees to witness the classic voices they love first hand. Seating for the Peter Cullen panel event is limited to 250 and is reserved for Pre-Registering attendees only, which can be done at <http://www.cyberconexpo.com>.

Peter Cullen is currently one of Hollywood's lead voice actors, doing work for Warner Brothers, TNT, Cartoon Network, and countless television and movie promotions. To fans of the 80's, his deep baritone voice rings a bell as the one behind their childhood hero, one of pop-culture's most prolific icons, Optimus Prime. At Cybercon Expo, fans in the New York and mid-Atlantic regions will be able to meet Mr. Cullen and obtain his autograph for the first time. Don't miss what could be your last chance to meet this Transformers legend.

Cybercon Expo is a pop-culture and toy collecting convention primarily based on the east coast United States. Its focus has been on Hasbro's "The Transformers" property, but also features attractions related to G.I. Joe, He-Man and Masters of the Universe, Robotech, and other themes from the 80s through today. Cybercon Expo 2005, taking place on July 29th and 30th 2005 in New York City, will be the convention's 4th show featuring a dealer room full of collectible merchandise, special guests, art and costume displays, exclusive items, and more. Please visit <http://www.cyberconexpo.com> for up to the minute information on the show.
