Denver, CO (PRWEB) May 15, 2005 -- The song $\hat{A} \square Sturgis$, $\hat{A} \square$ by the Randall Zwart $\tilde{A} \square$ Band (formerly known as Zwart $\tilde{A} \square$), has long been thought of as the anthem of the Sturgis Motorcycle Rally, an event which draws over half of a million visitors from all over the world. This year the song takes on a new role as the opening and closing song of the LFI International Laser Light Show displayed each evening during the rally.

The laser light extravaganza will feature a light show choreographed to music and shown on a 2,376 square foot screen. The company has done shows for Van Halen and the Judds and has provided attractions at venues including the Las Vegas Hilton and MGM Resort and Casino.

The Randall Zwarté Band will soon release their seventh album. The recording, which is a soundtrack to their forthcoming DVD release, The Road 2 Sturgis Â \square The Movie, will be available this summer. The Road 2 Sturgis Â \square The Movie is a full length documentary film that was shot on tour with the band over a one year period.

The band has made three songs available for download. $\hat{A} \square Sturgis$ (Live) $\hat{A} \square$ and $\hat{A} \square Good$ Deal With a Bad Man $\hat{A} \square$ are from the upcoming soundtrack release, while $\hat{A} \square Lucy\hat{A} \square$ is one of the band $\hat{A} \square s$ signature songs.
