

Product Honours 2005 Winner - Lavor Wins the Auto Express "Best Buy" Award - Again

A Lavor product supplied by K40 UK Ltd - the Tiger pressure washer, has won the Auto Express "BestBuy"award.

([PRWEB](#)) May 22, 2005 -- A Lavor product supplied by K40 UK Ltd - the Tiger pressure washer, has won the Auto Express "Best Buy" award. This is the second year in succession, and the third time in five years that a Lavor pressure washer has won the prestigious Best Buy award.

"This is Lavor's replacement for last year's test winner - and the maker has done it again! The Tiger is portable, lightweight and a fine cleaner, despite packing a smaller motor than many of it's rivals here. It throws out a decent amount of water, and has a multi-adjustable nozzle to tackle caked-on grime. The Lavor also offers good storage for accessories and a six-meter hose. Add to this package a competitive price, and it scoops our Best Buy award. The verdict - Retaining the pressure washer crown for Lavor is the Tiger. Thanks to its no-nonsense approach to car cleaning, plus a portable size and impressive spec, this is easily the Best Buy Â©Auto Express"

Glyn Worsley MD of K40 UK Ltd says - This is a great achievement for Lavorwash S.p.A. and for K40 UK Ltd, we are all extremely pleased with the awards. They emphasize the quality of Lavorwash cleaning equipment, and demonstrate how good a product the Lavor Tiger pressure washer is.
