

## **Hall Battles Fumes and Sampson**

Langley Speedway Rookie points leader battled on the last lap, missing third cosecutive top 10 but WINS more fans!

Newport News, VA (PRWEB) May 25, 2005 -- After a two-week break, racing returned to Langley Speedway Saturday night. The Late Model division saw a fifth different winner in as many races. Rookie points leader, Hudson Hall was vying for his third straight top ten finish in the Hall Automotive Chevrolet but ended up a little short.

Hall battled fumes from his car during the race and afterwards ended up with a thirteenth place finish and a trip to the ambulance in the infield. $\hat{A} \Box I$ felt a little dizzy early on into the race $\hat{A} \Box$ , Hall said, $\hat{A} \Box I$ told my spotter that I didn $\hat{A} \Box$ t need to bring it in, but by the end of the race I was glad it was over. $\hat{A} \Box$ Hall was treated for carbon monoxide poisoning and released about an hour after the race.
Fumes weren □t the only battle for Hall. On the final lap of the race, Hall had the crowd on their feet again as
he and the number 16, driven by Jeff Sampson, had a shoot out for the thirteenth position. Â□ Jeff and I had an
awesome race there at the end $\hat{A}\Box$ , stated Hall $\hat{A}\Box$ after the race he came over to the ambulance and told me
how much fun it was and he had a great time $\hat{A}\Box$ .

The team did improve during the two-week break, Hall picked up two tenths in his qualifying efforts over the
previous attempts early on this season. $\hat{A}\Box$ During practice we found that the fuel pickup had sucked foam into
it, clogging it up, Hall said. $\hat{A} \square$ We fixed it and during practice I could definitely tell an improvement. $\hat{A} \square$
Hall $\hat{A} \Box$ s fast qualifying lap was set at 17.05 seconds. $\hat{A} \Box$ We $\hat{A} \Box$ re still off from what the top cars at the track
are running, but this team is gaining on them every week, Hall added Â□but Danny, my crew chief, is making
the car faster every week, we hope be a contender for a pole by the end of the season. $\hat{A}\Box$
