

EZ Lube Acquires Grease Monkey Fast Lubes in Riverside, California - Becomes Largest Fast Lube Company in California

EZ Lube Inc, the fastest growing fast lube company, acquires entire Grease Monkey franchisee market in Riverside County. With the addition of these 9 fast lube centers it brings the total number of EZ Lube service centers to 67 and makes them the largest fast lube company in California.

Santa Ana, CA ([PRWEB](#)) June 20, 2005 -- EZ Lube Inc., founded in 1988 by co-owners Rick Teasta and Mike Dobson, is proud to announce it is now the largest fast lube company in California. This is due in part to their recent acquisition of 9 Grease Monkey fast lubes in Riverside, CA. In addition, EZ Lube opened 3 new locations in Palmdale, Melrose, and W. Los Angeles. This increases EZ Lube locations throughout Southern California to 67.

“We’re proud to expand our unsurpassed customer service into new areas,” said CEO Rick Teasta. “We’ve created a business that’s truly dedicated to preserving the health and value of our customers’ vehicles. We know that our customers have to deal with some of the toughest driving conditions anywhere. That’s why our tag line says: It’s a hard road. We make it EZ.”

COO Al Braun also believes that when it comes to a successful operation, good people make all the difference. “The number one factor that separates EZ Lube from the other local and national fast lube centers is the quality of our skilled employees. In fact, in April of this year, we opened a state-of-the-art 3,500 sq. ft. Human Resource and Training Center. All of our EZ Lube team members must attend and pass a rigorous 3-level training class and on-site training is constant.”

EZ Lube offers a wide spectrum of preventative maintenance including oil changes, transmission service, radiator service and tire rotation. EZ Lube currently serves thousands of customers everyday and close to one million cars throughout the year. In 2003, Oil and Lube News, the industry’s most respected publication, selected EZ Lube as the 2003 National Fast Lube Operators of the Year. Corporate offices are located at 3506 W. Lake Center Dr., Suite B, Santa Ana, CA 92704.
