

## **Drivingaroundaustralia.com Now Offers Dave Jeane's Guide for a Tour Around Australia by Car and Caravan as an Ebook**

*After Dave Jeane's book Trip Around Australia sold a massive 10,000 copies in 12 months in Australia, it is now made available in ebook format from [www.drivingaroundaustralia.com](http://www.drivingaroundaustralia.com)*

([PRWEB](#)) July 9, 2005 -- Mr. Jeanes said that with today's world wide interest in Australia, its unpolluted environment, wide open spaces, impressive scenery and exotic wildlife, it was now time for an electronic version of his successful book.

"The ebook format has been chosen for international distribution since it can be purchased over the internet and downloaded instantly at any time of the day, wherever in the world" said Mr. Jeanes.

He said: "Cost of printing and shipping are now drastically reduced since the purchaser can read the ebook on his/her computer screen or print it out partly or in whole, in full colour or black and white"

The ebook contains a myriad of information on how to make the trip around Australia by car and caravan effortlessly. During the second time Dave and his wife Pam made the "trip of a lifetime", he took notes of road conditions, caravan parks, weather conditions, places to visit and took hundreds of photos - of which 125 are included in the ebook.

[www.drivingaroundaustralia.com](http://www.drivingaroundaustralia.com) shows in full detail the contents of the ebook and offers a sneak preview of half a dozen pages, so prospective purchasers know what to expect.

Dave Jeanes' "Outback Survival Guide" (another hot seller to the value of US\$14.95) has been added for free to give this ebook even more value.
