

World Patent Marketing Invention Team Presents Safe Park, A Vehicle Safety Invention That Prevents Damage To Car Doors When Parked

World Patent Marketing Reviews A New Vehicle Safety Invention. Will Safe Park Be the Next World Patent Marketing Low Cost Success Story?

Miami, FL ([PRWEB](#)) October 30, 2016 -- World Patent Marketing, a vertically integrated manufacturer and engineer of patented products, introduces Safe Park, a vehicle safety invention that will help protect cars from being damaged by other parked cars.

“The car safety systems industry is worth \$102 billion,” says Scott Cooper, CEO and Creative Director of World Patent Marketing. “This industry has been on the rise due to pressure on companies to comply with new safety regulations.”

“It’s very common for people to open their car doors suddenly and have it strike another car, either due to wind, because the cars were parked too closely to one another, or simply due to an accident,” says Jerry Shapiro, Director of Manufacturing and World Patent Marketing Inventions. “This vehicle safety invention was created to help prevent damage to vehicles during such an occurrence.”

Safe Park is a vehicle safety invention that helps people park with more confidence. A common problem when parking is being too close to another car due to tight spots or poor parking. This can make it very difficult to open the vehicle’s door without having it bump into the neighboring vehicle. Safe Park is a cushion that is placed on the car door that absorbs most of the impact, rather than having it transfer to the other car. This will avoid most of the common problems with opening a car door in a tight parking spot by preventing the damage that would normally occur. It will give drivers a peace of mind as well as save them money on car repairs if the doors happen to collide.

“We thought of Safe Park through personal experience,” says Denia Elamparo. “We know everyone has been in a situation when either, wind catches their door and it flies open uncontrollably; or simply parked in a tight parking spot and had to wedge your hand between your door and the car next to you. We believe that this product can help the daily driver by simply acting as an impact absorber. This can save many people time, money, and a headache.”

Safe Park is a vehicle safety invention that uses a cushion to prevent open car doors from damaging other parked cars. The cushion will absorb most of the impact and give people a peace of mind when opening their car doors when parked too close to another vehicle.

About World Patent Marketing

World Patent Marketing is always looking for new [invention ideas](#). The company provides invention services and is one of the only patent companies that engineers and manufactures its own products. The company is broken into six operating divisions:

Patent Assistance and Research * Prototypes and Manufacturing * Distribution and Retail * Digital Marketing and Social Media * Direct Response TV and Internet Video Production * Patent Licensing & Investments

As a global leader in the patent invention services industry, World Patent Marketing is by your side every step

of the way, utilizing its capital and experience to guide the invention process towards a successful product launch so you can be one of the next [World Patent Marketing Success Stories](#).

[World Patent Marketing Reviews](#) enjoy an A+ rating with the Better Business Bureau (World Patent Marketing BBB) and has earned five-star ratings from Google and consumer review sites such as Consumer Affairs, Trustpilot, Shopper Approved, Customer Lobby, ResellerRatings, My3Cents and World Patent Marketing Glassdoor.

The CEO of World Patent Marketing, Scott Cooper, is also a Director of The Cooper Idea Foundation, is the founder of the New York Inventors Exchange and has also been a proud member of the National Association of Manufacturers, Duns and Bradstreet, the US Chamber of Commerce, the South Florida Chamber of Commerce, the Miami Beach Chamber of Commerce, the Greater Miami Chamber of Commerce, the Association for Manufacturing Excellence and the Society of Plastics Engineers.

Those who are wondering how hard is it to get a patent or how much does it cost to patent an idea, should contact the invention marketing experts.

World Patent Marketing credits its invention success to its powerful and influential advisory board and its controversial “shock content” approach to [invention marketing](#). According to Scott J. Cooper, the CEO and Creative Director of [World Patent Marketing](#), “[complaints](#) from competitors are just part of the World Patent Marketing cost of doing business.”

To [submit invention ideas](#), contact World Patent Marketing at (888) 926-8174. Corporate headquarters located at 1680 Meridian Avenue, Miami Beach, Florida 33139.
