

TMW Systems Receives Outstanding Sales Recognition from Microsoft

TMW Systems, the premier developer and integrator of enterprise management software for the trucking industry, recently received recognition from Microsoft for outstanding customer commitment and sales achievement and was named to the Microsoft® Business Solutions President's Club. This recognition honors Business Solutions reselling partners whose commitment to customers is reflected in their business performance and high level of sales achievement and customer satisfaction.

Beachwood, Ohio ([PRWEB](#)) July 22, 2005 -- TMW Systems, the premier developer and integrator of enterprise management software for the trucking industry, recently received recognition from Microsoft for outstanding customer commitment and sales achievement and was named to the Microsoft® Business Solutions President's Club. This recognition honors Business Solutions reselling partners whose commitment to customers is reflected in their business performance and high level of sales achievement and customer satisfaction.

"Microsoft congratulates TMW Systems on achieving President's Club status," said Microsoft Corporate Vice President, Craig McCollum. "TMW truly understands how important customers are to Microsoft and has gone out of their way to make the customer's experience a positive one."

"This honor is a testament to the ongoing focus that the entire TMW team places on providing world-class service to our customers every day," said Tom Weisz, president and CEO of TMW Systems. "Our close collaboration with Microsoft has enabled us to continue to build products that fully leverage the advanced capabilities of Microsoft's development tools, operating system and database technologies to create even more value for our customers."

TMW's enterprise management software is deployed to more than 500 trucking companies and private fleets globally and can be seamlessly integrated with Microsoft Business Solutions, including Great Plains, to create a single platform for all of a company's front- and back-office business systems. TMW is the first trucking technology provider to attain Gold Certified status with a competency in Independent Software Vendor (ISV)/Software Solutions in the Microsoft Partner Program.

About TMW Systems

Founded in 1983, TMW Systems, Inc. is recognized as the premier developer and integrator of enterprise management software designed specifically for the trucking industry. Leveraging the organization's hands-on expertise in trucking and technology, TMW's products - including TMWSuiteTM for Windows® and TL2000 AS/400 platform - enable carriers to easily integrate vital real-time data from every facet of their operations into a single system to maximize dispatch efficiency, improve productivity and customer service and enhance profitability. Based in Beachwood, Ohio, TMW currently serves more than 500 customers globally, including in North America, Europe, China and Latin America.
