

Chrome Glow Launches Website Offering Visitors a Wide Selection of Specialty L.E.D. Lighting and Innovative L.E.D. Installation Brackets For Harleys

Chrome Glow announces the launch of its new website, www.ChromeGlow.com, offering a wide selection of L.E.D. detail lighting for motorcycles all for sale online including step lights, courtesy lights, bulk head lights, indicator lights, light bars, replacement bulbs and license plate frames.

Penfield, NY (PRWEB) July 25, 2005 -- Chrome Glow announces the launch of its new website, www.ChromeGlow.com, offering a wide selection of L.E.D. detail lighting for motorcycles all for sale online including step lights, courtesy lights, bulk head lights, indicator lights, light bars, replacement bulbs and license plate frames. Chrome Glow also offers several L.E.D. light kits that include L.E.D. lights and installation materials for quick and easy light mounting. Chrome Glow carries only the brightest and longest lasting L.E.D. lights on the market.

“Being avid motorcycle riders ourselves, we understand the passion that motorcyclists have for their bikes,” said Chris Scheg, owner of Chrome Glow. “We were already doing L.E.D. light installations on motorcycles locally and wanted to carry the high quality products and the innovative installation techniques we use to motorcycle owners across the country.”

Chrome Glow has also developed its own unique CNC machined L.E.D. installation bracket for Harley Davidson Twin Cam 88 motorcycles that hides the light installation for a clean and even look. These brackets are available for sale online at www.ChromeGlow.com. For those visitors with other models of motorcycles, Chrome Glow offers standard universal L.E.D. installation kits.

Customers in the Rochester, New York area or those visiting the upstate New York region can contact Chrome Glow for installation of their L.E.D lights. Chrome Glow has been doing L.E.D. light installation on motorcycles for a number of years and offers its customers a high quality and professional installation as indicated by several testimonials at www.ChromeGlow.com. Installation appointments are offered daily at Chrome Glow’s Penfield, NY location. Call 585-388-3307 for more information.

Chrome Glow will be at several upcoming events and shows in the Upstate New York region. Visit them at the Damascus Shriners Cycle “Ugly Run” at the Shrine Center in Webster, NY on August 14 and at the Fourth Annual September Swap and Bike Show presented by J & D Leather in Rochester, NY on September 18.

Chrome Glow is located just outside of Rochester, NY. Chrome Glow specializes in L.E.D. lighting for motorcycles for sale online at www.chromeglow.com. Chrome Glow also does local installation of L.E.D. lighting on motorcycles at their location in Penfield, NY. For more information, contact Chris Scheg at 585-388-3307.
