STABILOC® Recognized for Market Entry in Kuwait.

Dearborn, Michigan, ([PRWEB](#)) December 8, 2005 -- Exports are big business for small and mid-sized Michigan companies. That was the message from Senator Carl Levin, who today presented the U.S. Commerce Department's Export Achievement Certificate to local company STABILOC®. The award recognizes companies that are business clients of the Commerce Department's U.S. Commercial Service, and that have used their services to make their first export sale or open new foreign markets.

"Most jobs in America are created by small companies. Small and mid-sized companies like STABILOC® comprise almost 97 percent of U.S. exporters," said Senator Levin.
