LONG BEACH, Calif. ([PRWEB](#)) October 19, 2022 -- Those stuck with a lemon vehicle in the Long Beach, California, area can benefit from the helpful online service, Lemon Larry, which will connect them to an experienced lemon law attorney after purchasing a car that may qualify as a lemon. Many consumers are often confused as to what makes a car a lemon, and [Lemon Larry](#) is the source to educate consumers, providing a simple, free, online pre-qualification process to determine if the vehicle they purchased may be a lemon. If the vehicle does qualify, a referral is made to a lawyer who specializes in this area for further discussion and review of the potential case. These attorneys are experienced with [California lemon laws](#) and understand how to file a claim under these laws.

This legal assistance could result in the manufacturer providing either a reimbursement or a replacement vehicle. One of the benefits of lemon laws is that the attorney's fees are paid by the manufacturer if the vehicle is determined to be a lemon. Specifically, California lemon laws apply to vehicles that are purchased from a vehicle manufacturer or authorized dealership that show continual mechanical failings, even after repairs have been made on the vehicle. If a vehicle can't be fixed after a reasonable number of repair attempts by the manufacturer or its authorized dealer, consumers will likely be entitled to a replacement vehicle of equal value or a total refund. In order to be protected under the law, the vehicle must meet eligibility requirements, meet the definition of a lemon and the manufacturer must be allowed to make a reasonable amount of attempts to repair the vehicle.

Lemon Larry's simple, 2 minutes, online screening process can help consumers determine whether they might qualify. If they do, they can easily speak to a top lemon law attorney who will provide legal assistance.

"We are looking forward to helping residents of Long Beach, California resolve lemon vehicle issues by helping them find an experienced lemon law attorney," says Joel Geffen, co-founder of Lemon Larry.
