*Customers near the Elgin area in Illinois can get top dollars for their used cars at Elgin Volkswagen*

ELGIN, Ill. ([PRWEB](#)) October 14, 2022 -- There is a piece of amazing news for drivers around the Elgin area in Illinois who plan to sell or trade in their old cars. Elgin Volkswagen, a local automotive dealership, is offering top dollars for used vehicles in Elgin, Illinois.

Elgin Volkswagen uses Edmunds True Market Value (TMV®) as its official tool to determine the right price for a vehicle. This tool is derived from a proprietary algorithm that was developed by statisticians, pricing analysts and data collection/processing experts. This algorithm also considers many other factors like make, model, age, original and current market pricing, mileage, seasonality, geographic region and more to determine a vehicle's value. Essentially, prospective car sellers can be assured that they can get the right price for their old cars. Also, since there is a used car shortage at Elgin Volkswagen, the dealership is willing to offer top dollars for used cars even if the customer does not buy a car from their dealership.

Interested parties are encouraged to visit the [Elgin Volkswagen](#) dealership located at 2630 Auto Mall Dr., Elgin, Illinois, 60124. Customers can visit the dealership's official website and enter the details of their car to [get the True Market Value® of their vehicle](#) in less than a minute.
